Pygar Group is one of the fastest growing HVAC Solution providing company in Nigeria.

The **Foundation** of **Pygar Group** has been laid by a team of Professional Engineers with decades of experience in HVAC solutions across industries such as **Pharmaceuticals, Laboratories, R&D Centres, Food, Food Packaging and Plastic manufacturing.**

With your best interests being our priority, we devote ourselves to ensure client focus and commit to sustainable growth in aid of the environment. We provide specifically engineered solutions to decrease environmental load, reduce greenhouse gas emissions, decrease water usage and always endorse the reduction of carbon footprints.

Our association with top brands like **Hitachi, Samsung, Kirloskar, Zeco, Bitzer and Vaayu** helps us to bring in the Latest Technology Products into our Projects. Our team had executed many prestigious projects across Nigeria while few are under execution at various stages. With Biggest jobs executed under strict timelines, we are capable of handling any quantum of work.

About Us

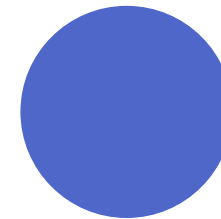

Our Vision

- To provide “World Class Customer Experience” in Airconditioning, Ventilations and Refrigeration System for Commercial / Industrial application

Our Mission

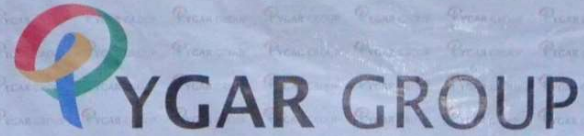

- To offer the finest Technology of Airconditioning System, Ventilation System and Refrigeration System with Best of the Brands in respective field.
- Diligently pursue our commitment to HSE and customer service
- Constantly identify and act upon opportunities to improve our quality in all aspects, internally and externally
- Provide transparency in all work that we do

Our Vision & Our Mission

- Mr. Gagandeep Lakhanpal *[B.Tech (Electrical Engineering) & MBA (Sales & Marketing)]*: Mr. Gagandeep is having an experience of 30 +years in Air-conditioning & Consumer Goods Industry as a Business Development Head in Many Projects from conceptual stage to the final execution in India & Abroad. And is specialized in handling large Air-conditioning Manufacturing & commercial Projects. He has served in MNCs / esteemed organizations and handled major Brands like Samsung, Hitachi, LG, National, Electrolux, Westinghouse & Midea in India & Nigeria.
- Mr. Anil Khera *[B.E.-Electrical Engineering]* : Mr. Anil Khera is a Qualified Engineer with a vast experience of 20+ Years in HVAC Business in India & Abroad. He had worked with all Major MNCs in HVAC Industry (Samsung, Haier, Hitachi, Blue Star). He is the Technical Expert in all Projects executed/ongoing by Pygar Group and actively conducting regular Technical Training on HVAC System to upgrade the Sales and Design Engineers team to be hands on with the latest Technology.
